BD MAX™ CPO Assay

SKU: 445262

The BD MAX[®] system offers you an efficient path to improved clinical outcomes by combining and automating extraction and thermocycling into a single platform capable of running both FDA-cleared and open system assays. Flexibility and standardization allow you to address the breadth of your testing needs.

BD MAX™ Extended Enteric Bacterial Panel

Snap-in, must be added
to Bacterial Panel

SKU: 443812

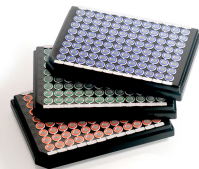

The BD MAX[®] system offers you an efficient path to improved clinical outcomes by combining and automating extraction and thermocycling into a single platform capable of running both FDA-cleared and open system assays. Flexibility and standardization allow you to address the breadth of your testing needs.

BD SARS-CoV-2 Reagents for BD MAX™ System

SKU: 44500301

The BD MAX[®] system offers you an efficient path to improved clinical outcomes by combining and automating extraction and thermocycling into a single platform capable of running both FDA-cleared and open system assays. Flexibility and standardization allow you to address the breadth of your testing needs.

HPV CLICK CARD 1000

SKU: 443747

The BD MAX[®] system offers you an efficient path to improved clinical outcomes by combining and automating extraction and thermocycling into a single platform capable of running both FDA-cleared and open system assays. Flexibility and standardization allow you to address the breadth of your testing needs.

BD MAX™ Enteric Viral Panel

SKU: 443985

The BD MAX[®] system offers you an efficient path to improved clinical outcomes by combining and automating extraction and thermocycling into a single platform capable of running both FDA-cleared and open system assays. Flexibility and standardization allow you to address the breadth of your testing needs.

Kit BD MAX™ Enteric Viral Panel RUO

SKU: 443715

The BD MAX[®] system offers you an efficient path to improved clinical outcomes by combining and automating extraction and thermocycling into a single platform capable of running both FDA-cleared and open system assays. Flexibility and standardization allow you to address the breadth of your testing needs.

BD MAX™ Vaginal Panel

SKU: 443712

The BD MAX[®] system offers you an efficient path to improved clinical outcomes by combining and automating extraction and thermocycling into a single platform capable of running both FDA-cleared and open system assays. Flexibility and standardization allow you to address the breadth of your testing needs.

BD MAX™ MRSA XT

SKU: 443461

The BD MAX[®] system offers you an efficient path to improved clinical outcomes by combining and automating extraction and thermocycling into a single platform capable of running both FDA-cleared and open system assays. Flexibility and standardization allow you to address the breadth of your testing needs.

BD ProbeTec™ Trichomonas vaginalis (TV) Qx Amplified DNA Assay Reagent Pack, 384 tests

SKU: 443433

UVE Sample Buffer Tubes

Pack of 48 extra Sample
Buffer Tubes

SKU: 443420

The BD MAX[®] system offers you an efficient path to improved clinical outcomes by combining and automating extraction and thermocycling into a single platform capable of running both FDA-cleared and open system assays. Flexibility and standardization allow you to address the breadth of your testing needs.

BD MAX™ StaphSR

SKU: 443419

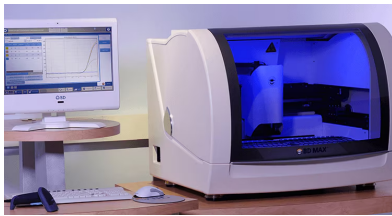

The BD MAX[®] system offers you an efficient path to improved clinical outcomes by combining and automating extraction and thermocycling into a single platform capable of running both FDA-cleared and open system assays. Flexibility and standardization allow you to address the breadth of your testing needs.

BD MAX™ Cdif

SKU: 443418

The BD MAX[®] system offers you an efficient path to improved clinical outcomes by combining and automating extraction and thermocycling into a single platform capable of running both FDA-cleared and open system assays. Flexibility and standardization allow you to address the breadth of your testing needs.

BD MAX™ 5- Color Seal Sheets, Heat Seal Paper 54 Wells MAX6

SKU: 443413

The BD MAX[®] system offers you an efficient path to improved clinical outcomes by combining and automating extraction and thermocycling into a single platform capable of running both FDA-cleared and open system assays. Flexibility and standardization allow you to address the breadth of your testing needs.

BD MAX™ Conical Tube Holder, Heat Seal Blocks MAX6

SKU: 443412

The BD MAX[®] system offers you an efficient path to improved clinical outcomes by combining and automating extraction and thermocycling into a single platform capable of running both FDA-cleared and open system assays. Flexibility and standardization allow you to address the breadth of your testing needs.

UVE Specimen Collection Kit

Pack of 100 UVE Sample
Buffer Tube, swab,
graduated pipette
SKU: 443376

The BD MAX[®] system offers you an efficient path to improved clinical outcomes by combining and automating extraction and thermocycling into a single platform capable of running both FDA-cleared and open system assays. Flexibility and standardization allow you to address the breadth of your testing needs.

Kit Starter MAX6 Instrument

SKU: 443362

The BD MAX[®] system offers you an efficient path to improved clinical outcomes by combining and automating extraction and thermocycling into a single platform capable of running both FDA-cleared and open system assays. Flexibility and standardization allow you to address the breadth of your testing needs.

Kit Prewarm MAX6

SKU: 443159

The BD MAX[®] system offers you an efficient path to improved clinical outcomes by combining and automating extraction and thermocycling into a single platform capable of running both FDA-cleared and open system assays. Flexibility and standardization allow you to address the breadth of your testing needs.

BD MAX™ CT/GC/TV

SKU: 442970

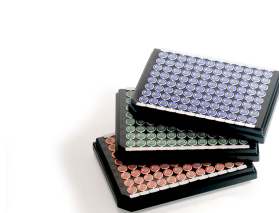

The BD MAX[®] system offers you an efficient path to improved clinical outcomes by combining and automating extraction and thermocycling into a single platform capable of running both FDA-cleared and open system assays. Flexibility and standardization allow you to address the breadth of your testing needs.

BD MAX™ CT/GC

SKU: 442969

The BD MAXÊ system offers you an efficient path to improved clinical outcomes by combining and automating extraction and thermocycling into a single platform capable of running both FDA-cleared and open system assays. Flexibility and standardization allow you to address the breadth of your testing needs.

Viper LT PCR Accessory Kit

SKU: 442967

The BD MAXÊ system offers you an efficient path to improved clinical outcomes by combining and automating extraction and thermocycling into a single platform capable of running both FDA-cleared and open system assays. Flexibility and standardization allow you to address the breadth of your testing needs.

BD MAX™ Enteric Bacterial Panel

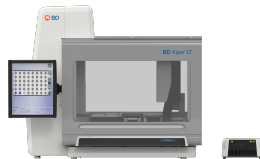

SKU: 442963

The BD MAXÊ system offers you an efficient path to improved clinical outcomes by combining and automating extraction and thermocycling into a single platform capable of running both FDA-cleared and open system assays. Flexibility and standardization allow you to address the breadth of your testing needs.

BD MAX™ Enteric Parasite Panel

SKU: 442960

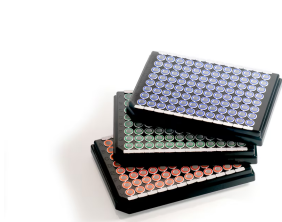

BD ProbeTec™ Chlamydia trachomatis (CT) Qx Assay Gray Amp Reagent Pack

SKU: 442959

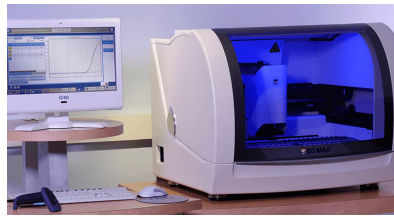

BD Viper™ LT SDA Accessory Kit

SKU: 442958
