Provena™ Midline Catheter Max Barrier+ Tray with GuardIVa® Dressing and Probe Cover, 4 Fr Dual Lumen

SKU: SP4254108DG

By combining advances in polyurethane material technology and manufacturing processes, BD offers a family of smaller-diameter* Modified Seldinger Technique (MST) midlines that maintain high performance for infusion therapy.

Provena™ Midline Catheter Max Barrier+ Tray with BioPatch™ Dressing and Probe Cover, 4 Fr Dual Lumen

SKU: SP4254108DB

By combining advances in polyurethane material technology and manufacturing processes, BD offers a family of smaller-diameter* Modified Seldinger Technique (MST) midlines that maintain high performance for infusion therapy.
Packaged with

Max Barrier+ with BioPatch™ Dressing
and Probe Cover

Provena™ Midline Catheter Max Barrier+ Tray, 4 Fr Dual Lumen

SKU: SP4254108D

By combining advances in polyurethane material technology and manufacturing processes, BD offers a family of smaller-diameter* Modified Seldinger Technique (MST) midlines that maintain high performance for infusion therapy.

Provena™ Midline Catheter Max Barrier+ Tray with GuardIVa™ Dressing and Probe Cover, 3 Fr Single Lumen

SKU: SP4153108DG

By combining advances in polyurethane material technology and manufacturing processes, BD offers a family of smaller-diameter* Modified Seldinger Technique (MST) midlines that maintain high performance for infusion therapy.

Provena™ Midline Catheter Max Barrier+ Tray with BioPatch™ Dressing and Probe Cover, 3 Fr Single Lumen

SKU: SP4153108DB

By combining advances in polyurethane material technology and manufacturing processes, BD offers a family of smaller-diameter* Modified Seldinger Technique (MST) midlines that maintain high performance for infusion therapy.

Provena™ Midline Catheter Max Barrier+ Tray, 3 Fr Single Lumen

SKU: SP4153108D

By combining advances in polyurethane material technology and manufacturing processes, BD offers a family of smaller-diameter* Modified Seldinger Technique (MST) midlines that maintain high performance for infusion therapy.

PowerPICC™ Provena™ 5 Fr Triple Lumen Catheter with SOLO™2 Valve Technology

SKU: S9395118

BD is committed to providing safe and effective vascular access solutions to advance lives and the delivery of health care. By combining advances in polyurethane-material technology and manufacturing processes, BD has developed smaller-diameter* peripherally inserted central catheters (PICCs) that maintain high flow performance for infusion therapy.

PowerPICC™ Provena™ 5 Fr Triple Lumen Catheter with SOLO™2 Valve Technology - Nursing Full Tray with Sherlock™ Tip Location System Stylet

SKU: S9395108

BD is committed to providing safe and effective vascular access solutions to advance lives and the delivery of health care. By combining advances in polyurethane-material technology and manufacturing processes, BD has developed smaller-diameter* peripherally inserted central catheters (PICCs) that maintain high flow performance for infusion therapy.
